Dear Resident:

RE: On-street parking on Glen Road

Transportation Services has received a request to modify the existing parking regulations on Glen Road.

Currently, on-street parking is permitted on both sides of Glen Road from South Drive to Pleasant Avenue, with a permit only, from 8:00 AM to 8:00 PM for a maximum period of three (3) consecutive hours as outlined in the City of Kitchener Traffic By-law No. 2019-113.

The request calls for changing the bylaw to remove the requirement for permit only parking and revert the road allowance to allow the default three (3) hour maximum parking (no permit required) on Glen Road between South Drive and Pleasant Avenue.

This petition is to be circulated to affected homes by the resident making the request. For the City of Kitchener to consider a resident-initiated parking regulation revisions, affected addresses must show majority support (over 50%) in favour of the proposal. Addresses that are deemed affected by the proposed change in the parking bylaw are identified in the attached petition. Affected addresses should sign the petition indicating whether they are in favour or opposed to the proposed parking revision. Each address is entitled to one vote.

If majority support is achieved, City staff will follow up with residents to confirm their response. Once confirmed, staff will submit a staff report to Kitchener City Council with the results of the resident petition for council's consideration.

Please see the attached map for the location of the proposed parking revision.

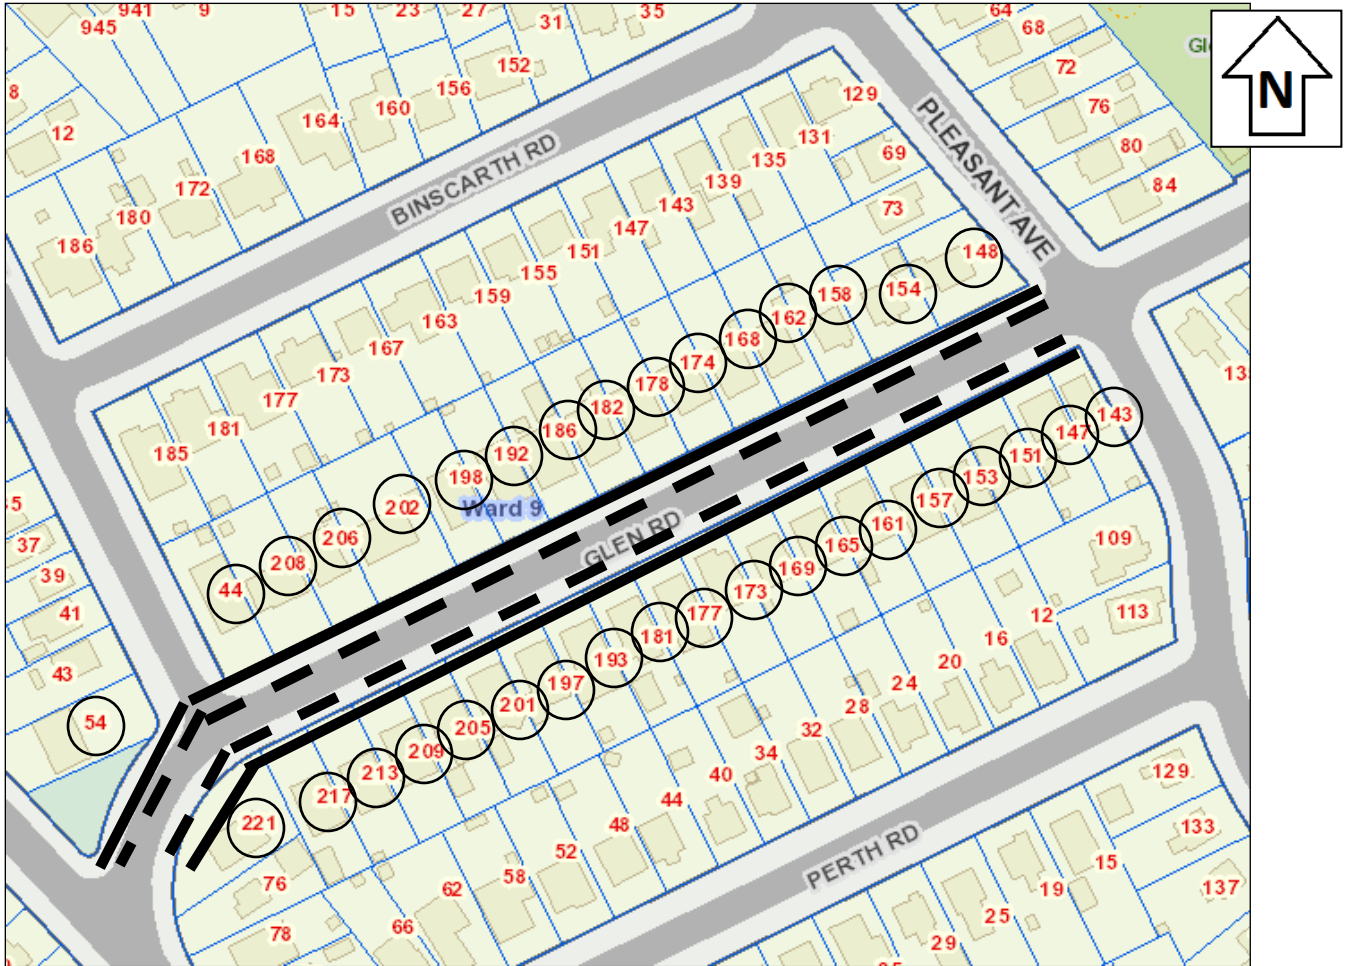

If you have any concerns or comments regarding this change, please feel free to contact me at the contact information provided.

Sincerely,

Connor Payne
Traffic Technologist
