

Region of Waterloo

60 Victoria Street North

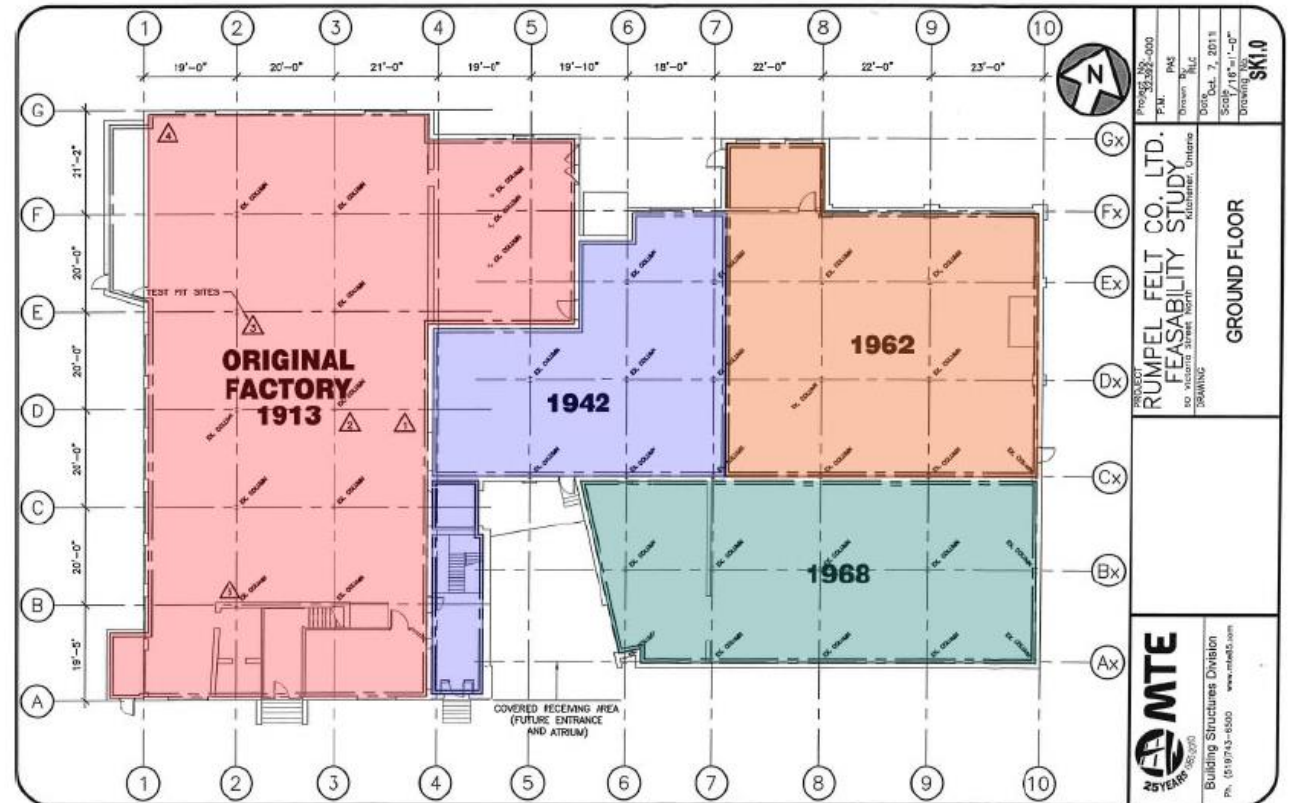

Rumpel Felt Building

Heritage Attributes

Pertain to the original 1913 building

- Original 1913 façade
- Riveted shear plate column construction
- Goods lift
- Original hardware
- Original boiler
- Wooden pipes
- Entry porch
- Massing of building itself, (public spatial and historical experience)
- Contribution this property makes to the 20th century industrial culture in Berlin

New additions have compromised the heritage character of the 1913 structure

Rumpel Heritage Components

Kitchener Central Transit Hub

Phase 1: Metrolinx and Region of Waterloo Partnership:

- Develop railway corridor
- Relocate station to corner of Victoria and King St.
- Add a pedestrian bridge
- Construct a six-bay bus loop
- Include Onsite and offsite parking
- Extend the multi-use trail
- Construct two tunnels

Phase 2: Transportation hub facility

Phase 3: Partner with a developer

Kitchener Central Transit Hub – Phase 1
