Description of Cultural Heritage Resource

97-99 King Street West is a three-storey early 20th-century brick building. The building is constructed in the Vernacular Classic Revival architectural style. The building is situated on a 0.08-acre parcel of land located on the south side of King Street West between Gaukel Street and Ontario Street South in the

City Commercial Core planning area of the City of Kitchener within the Region of Waterloo. The principal resource that contributes to the heritage value is the building.

Heritage Value

83-85 King Street West is recognized for its design/physical, historical/associative and contextual values.

Design/Physical Value

The property municipally addressed as 97-99 King Street West demonstrates design or physical value as an early and rare example of 20th-century, commercial brick building built in the Vernacular Classic Revival architectural style. The building has many intact heritage attributes and is in fair condition. Features which represent the Vernacular Classic Revival architectural style include: nearly flat, low sloping roof; symmetrical façade on the second- and third-storey; two bay red brick façade; highly decorative brick cornice, brick frieze, and stone and brick architrave; ornamental brick moulding along with red brick corbelling; brick pilasters; semi-circular window openings; semi-circular transom design; 1/1 hung window design with decorative brick hood moulds with keystones and continuous stone sills; flat head window openings; and, rectangular transoms; 1/1 hung window design with brick voussoirs and continuous stone sills.

Historical/Associative Value

The property municipally addressed as 97-99 King Street West has historical/associative value given its direct association with early development of King Street West in what is now referred to as Downtown Kitchener. According to the 1898 Fire Insurance Plan, the foundation for a 3-storey building was built c. 1904. By 1908, the Fire Insurance Plan shows a three-storey building with a tailor on the second floor. It is not clear who built the building or who the original tenants were. J. D. Miller & C. H. Hohmeier founded their dry goods business in 1912. The business operated at 97-99 King Street West (formerly 63 King Street West) from c. 1912 to c. 1936. And later moved to 58 King Street East until 1961 when J. D. Mill retired.

Contextual Value

The contextual value of the property relates to its location and proximity to adjacent commercial buildings that share the same Vernacular Classic Revival architectural style and almost identical heritage attributes. It is likely that these buildings were constructed around the same time by the same builder. Collectively, the properties municipally addressed as 83-85 King Street West, 87-91 King Street West and 97-99 King Street West contribute to character of the Downtown and the King Street streetscape.

Heritage Attributes

The heritage value of 97-99 King Street West resides in the following heritage attributes:

- All elements related to the construction and Classic Revival architectural style of the building, including:
 - nearly flat, low sloping roof;
 - symmetrical façade on the second- and third-storey;
