## **BACKGROUND:**

On January 1<sup>st</sup>, 2023, amendments to the Ontario Heritage Act (OHA) came into effect through Bill 23, the *More Homes Build Faster Act*. One of the primary changes introduced was the imposition of a new timeline which requires “listed” properties on the Municipal

Heritage Register to be evaluated to determine if they meet the criteria for heritage designation before January 1<sup>st</sup>, 2025. Bill 200, *the Homeowners Protection Act, 2024*, extended the time municipalities have to designate properties listed on their municipal heritage registers until January 1, 2027. Listed properties are properties that have not been designated, but that the municipal Council believes to be of cultural heritage value or interest. The criteria for designation is established by the Provincial Government (Ontario Regulation 9/06, which has now been amended through Ontario Regulation 569/22) and a minimum of two must be met for a property to be eligible for designation.

A work plan to address these changes has been developed by Heritage Planning Staff with consultation from the Heritage Kitchener Committee on February 7<sup>th</sup>, 2023. Implementation of the work plan has now commenced. This report contains a summary of the findings for the properties recently reviewed, and recommendations for next steps.

### **Progress on Work Plan Implementation**

As part of the work plan proposed in February 2023, Heritage Planning Staff committed to the review of 80 properties listed on the Municipal Heritage Register prior to January 1, 2025. As of the date of this report, a review has been complete for 78 properties. 10 properties are before the Committee as of the date of this report to be considered for designation. 26 properties have fully undergone the designation process. 27 properties are currently undergoing the designation process and are at various stages of completion. 15 properties have been reviewed and determined that no action should be taken at this time.

Bill 200, *the Homeowners Protection Act, 2024*, extended the time municipalities have to designate properties listed on their municipal heritage registers until January 1, 2027. Staff are working on a updated Work Plan and will bring it forward to Heritage Kitchener later this year.

### **REPORT:**

#### **Ontario Regulation 569/22 (Amended from Ontario Regulation 9/06)**

Among the changes that were implemented through Bill 23, the Ontario Regulation 9/06 – which is a regulation used to determine the cultural heritage value or interest of a property, was amended through Ontario Regulation 569/22 (O. Reg. 569/22). Where the original regulation had three main categories – design/physical, historical/associative and contextual - with three (3) sub-categories for determining cultural heritage value, the amended regulation now lists all nine (9) criteria independently.

The new regulation has been amended to the following:

1. The property has design value or physical value because it is a rare, unique, representative or early example of a style, type, expression, material or construction method.
2. The property has design value or physical value because it displays a high degree of craftsmanship or artistic merit.
3. The property has design value or physical value because it demonstrates a high degree of technical or scientific achievement.

4. The property has historical value or associative value because it has direct associations with a theme, event, belief, person, activity, organization or institution that is significant to a community.
5. The property has historical or associative value because it yields, or has the potential to yield, information that contributes to an understanding of a community or culture.
6. The property has historical value or associative value because it demonstrates or reflects the work or ideas of an architect, artist, builder, designer or theorist who is significant to a community.
7. The property has contextual value because it is important in defining, maintaining or supporting the character of an area.
8. The property has contextual value because it is physically, functionally, visually or historically linked to its surroundings.
9. The property has contextual value because it is a landmark.

Also, among the changes brought about by Bill 23 are how properties can now be listed or designated under Part IV of the Ontario Heritage Act. They include:

- Properties would warrant being listed on the City's Municipal Heritage Register if they met **one or more criteria** of O. Reg 9/06 (amended through O. Reg. 569/22).
- Properties could be designated under Part IV of the Ontario Heritage Act if they meet **two or more criteria** of O. Reg 9/06 (amended through O. Reg. 569/22).

### **Heritage Kitchener Committee Options**

#### **Option 1 – Pursuing Designation for this property**

Should Heritage Kitchener committee vote to start pursuing designation for these properties, staff will then contact the respective property owners to inform them and to start working with them towards designation. Staff will then bring a Notice of Intention to Designate back to the Committee to initiate the designation process. Should a property owner object to their property being designated, they can submit an appeal to the Ontario Land Tribunal (OLT) to rule on the decision. If the OLT determines that the property should not be designated but remain listed, it will be removed from the Municipal Heritage Register on January 1, 2027.

#### **Option 2 – Deferring the Designation Process**

Should Heritage Kitchener vote to defer the designation process for these properties, they will remain listed on the City's Municipal Heritage Register until January 1, 2027, after which it will have to be removed. The process of designating these properties can be started at any time until January 1, 2027.

#### **Option 3 – Not Pursuing Designation for these properties**

Should Heritage Kitchener vote not to pursue the designation of these properties, they will remain listed on the City's Municipal Heritage Register until January 1, 2027, after which it will be removed. Once removed, these properties will not be able to be re-listed for the next five (5) years i.e. – January 1, 2032.

It should be noted that, per the endorsed work plan, staff are currently undertaking evaluations for high priority properties that are located in areas of the City that are experiencing significant redevelopment.
