Description of Cultural Heritage Resource

112 Margaret Avenue is a three storey mid-20th century brick apartment constructed in the Vernacular architectural style with Gothic and Art Deco influences. It is one of three apartment buildings located adjacently and designed in this style, though each is located on its own independent lot. 112 Margaret Avenue is situated on a 0.14 acre parcel of land located on the east side of Margaret Avenue between Breithaupt Street and Wellington Street in the Mt. Hope Huron Park Planning Community of the City of Kitchener within the Region of Waterloo. The principal resource that contributes to the heritage value is the apartment building.

Heritage Value

112 Margaret Avenue is recognized for its design/physical, historic/associative, and contextual values.

Design / Physical Value

The design value relates to the architecture of the apartment building. The building is a unique example of the vernacular architectural style with influence from both the gothic and art deco architectural styles and is in good condition. This blend of styles differentiates 112 Margaret Avenue and its adjacent sister buildings from other low-rise apartment buildings and structures in the area. The building features: hipped roof; symmetrical full height central projecting gable bay at entrance; red-yellow brick; double window with one fixed pane and one single hung; stone sill and decorative stone accents surrounding window openings; gothic shaped double wood doors with glazing and rusticated stone quoin surround; and, rusticated stone foundation. The gothic influences can be seen in the pointed arch of the roof line, emphasis on vertical height, and arched entrance with decorative surround while art deco influences can be seen in the repeated geometric detailing, symmetrical design, and craftsmanship of the structure.

The apartment buildings located at 100 Margaret Avenue, 104-106 Margaret Avenue, and 112 Margaret Avenue share a design. However, while 100 Margaret Avenue and 104-106 Margaret Avenue are twin buildings, there are minor differences with the features and appearance of 112 Margaret Avenue.

Front Façade

The front façade of the building is symmetrical in its design and massing. It can be divided into three sections; the northern-most and southern-most sections are recessed back from the central section and are larger in width. All sections contain three double windows with one fixed paned and one single hung. The windows have decorative stone accents and rusticated stone sills. The projecting central section contains the front entrance with gothic shaped double wood doors and rusticated stone quoin surround. There is rusticated stone foundation on each side.

Historical and Associative Value

The historic and associative value of the building relates to the original owner and builder, Michael Kraus. He was a prominent member of the New Apostolic Church, first joining in 1932 and then being ordained into the ministry one year later. In 1955 he was ordained as an apostle and three years later, in 1958, was appointed District Apostle for Canada. His impact on the global growth of the New Apostolic Church was so significant that, at his funeral, Chief Apostle Richard Fehr compared it to the missionary work of Paul the Apostle of biblical times. In addition to his minister work, Michael Kraus was an entrepreneur. He founded Kraus Carpet Mills in 1959, and Strudex Fibres in 1971. At the time of his death in 2003, Kraus Carpet Mills was the largest Canadian-owned carpet manufacture.

According to his obituary “his tireless work and inspiring leadership had an enduring impact on the business and church communities that he served with distinction” (Floor Daily, 2014).

Michael Kraus also contributed directly to the development of the built environment along Margaret Avenue, having financed and built several buildings along the street including the New Apostolic Church at 160 Margaret, a single-detached residential dwelling constructed in the tudor revival style at 148 Margaret Avenue, and three apartment buildings constructed in the vernacular architectural style located at 100-112 Margaret Avenue.

The historic and associative value of the building lays with its architect as well, William Herbert Eugene Schmalz. A native of Berlin (now Kitchener) and the son of former Mayor W.H. Schmalz, W.H.E. Schmalz had an active career within the area which spanned from 1914 until after 1960. Notable works he completed include the 1922 Kitchener City Hall (in conjunction with B.A. Jones through their firm Schmalz & Jones, dissolved in 1926), the fourth office of the Economical Mutual Fire Insurance Company at 16-20 Queen Street North (in conjunction with Charles Knechtel), the War Memorial Cenotaph, alterations to the Waterloo County Gaol, and several churches which remain at the time of this report in 2024. Through his work Schmalz contributed to the existing appearance of Kitchener’s built landscape. In addition to his prolific architectural career, W.H.E. Schmalz was an engaged citizen who served with distinction on the board of many local community groups and held much interest in the City’s history and development. He was President of the Ontario Pioneer Community Foundation from 1956-57 and aided in the planning, development, and operation of Doon Pioneer Village. He also acted as president of the Waterloo Historical Society, and further was a frequent contributor to its annual volumes. It has been noted that much of the strength and success of the Waterloo Historical Society can be attributed to the determination and enthusiasm of its founding members, including W.H. Breithaupt Peter Fisher, Mabel Dunham, and W.H.E. Schmalz. He also held office in, or was a long-time member of, the Chamber of Commerce, the Kitchener Parks Board, the K-W Hospital Board, the Kiwanis Club, the Kitchener Musical Society, the Kitchener Young Men’s Club, the Kitchener Racing Canoe Club and the Lutheran Church.

Contextual Value

The contextual values relate to the contribution that the apartment building makes to the continuity and character of the Margaret Avenue streetscape and the surrounding residential neighbourhood. The property is located within the Warehouse District Cultural Heritage Landscape, a geographical area which encompasses a number of remaining historical industrial factories. In relation to this are the residential neighbourhoods which immediately surround the historic factories, which are comprised of mostly-brick homes in which the workers lived.

The property is also adjacent to the Mt Hope/Breithaupt Neighbourhood Cultural Heritage Landscape, which contains an approximately 630 metre length of Margaret Avenue. The Mt Hope/Breithaupt area is a stable residential neighbourhood which contains all amenities or services an integrated community might require. It is characterized by features such as roads set at angles or parallel to the Grand Trunk Rail Line, gentle topography, an inventory of mature trees, and small to medium sized residential dwellings that demonstrate a variety of different detailing but are consistent in their scale and spacing, yielding an overall cohesive and complimentary composition. The setbacks, scale, orientation, materials used, and design of 104-106 Margaret Avenue is consistent with that seen in adjacent or surrounding residential properties, and the presence of mature trees in the front yard further contribute to maintaining the character of the streetscape.

The building is also physically, visually, historically, and functionally linked to its surroundings as it remains in-situ and maintains its original residential use
