Location

Subject property (Stage 6 Lands) shaded in blue

Summary of HIA:

Purpose: Evaluate whether or not proposed development of the Stage 6 lands (vacant) will result in impacts on the Stage 8 lands (adjacent).

Impact Analysis & Recommendations: Subject property is vacant and does not include any heritage resources. Therefore, no removals or alterations are proposed. No adverse impacts identified. Recommendations provided to avoid use of heavy equipment near the heritage house adjacent to the subject property during construction activities.
