Reg: Committee of Adjustments

Application for Minor Variance No. A 2025-008

To Whom it may concern,

As a resident owner of a property on Holborn Court, I **do not support** the proposed changes. Holborn Court is a tiny street that already handles more traffic than it was designed to handle. The proposed changes will create even more traffic and noise pollution.

I also believe that the present Zoning By-Laws were formulated to protect residents and the environment.

Yours truly,

Eva Zach
