You don't often get email from [REDACTED] . [Learn why this is important](#)

Please do not allow the variance for 26 Berwick Place that essentially allows them to build an additional dwelling unit in the backyard. We have heard the plans the homeowner has and we do not want the additional traffic, noise and vehicles on this quiet cul-de-sac that this additional building will bring. We strenuously object, and we have no desire for the change in the neighbourhood that this would make. If public consultations mean anything, please heed the feedback from residents of the community and don't allow this variance.
