- Chimney Swift

We ran the city bird poll from November to December 2024. It was shared on our website and social media as well as The Record, and local CBC and CTV.

We received dozens of passionate and thoughtful communications from people across the city, explaining their vote.

We announced that Kitchener elected the ***Dark-Eyed Junco*** on CBC KW 89.1fm live the morning of December 23rd.

We kindly request Kitchener City Council affirm the Dark Eyed Junco as our Kitchener's official city bird.
