The City of Kitchener will consider an application to amend Zoning By-law 2019-051 to permit a 28-storey mixed-use development with 329 dwelling units, 182 vehicle parking spaces, and 338 bicycle parking spaces. Two commercial units are proposed at grade, and indoor and outdoor amenity space on the sixth level. The proposed design includes a five-storey podium, with step backs at the 10th and 16th levels. One level of parking is proposed below-grade, with the remaining spaces located in the podium.
