Good Morning,

I am just reaching out to confirm that you wish for this to be circulated as a written submission and you were not intending on attending this evening as a delegation, thank you.

Kind Regards,  
Dianna

Support for Inclusionary Zoning
- **Your message**  
I express my support for the implementation of Inclusionary Zoning in 2026. Affordable housing is essential. Requiring developers to include affordable units is a way that City Council can make a difference. 2% is a very small portion to expect of developers.
