Hello,

I, Mike Schneider would like to voice my support for my neighbour at 124 Walker St in their application to this committee.

I believe that the appearance of the dwelling and proposed change is visually attractive in and of itself. And, in my opinion, it also does not detract from the character of the streetscape on Walker St as a whole. I welcome the changes wholeheartedly.

Additionally, I feel that any rejuvenation, major renovation or intensified use of properties in our neighbourhood is very much appreciated and needed.

Regards,
Mike Schneider
