Hi there,

Yes I would still like to include my written statement.

There are other issues I have with the work they did including not having a survey done and having their downspout coming out of the concrete and onto our property causing the dirt on our side to erode.

Thank you,

Thank you

Good morning,

Thank you for your email. Anyone that participates in the meeting either by oral or written submission will be noted as an interested party and would be forwarded a copy of the Committee's decision by email following the meeting. Being an interested party to an application would also ensure they have appeal rights to the Ontario Land Tribunal (OLT) if they were unsatisfied with the Committee's decision.

By providing a written submission to an application(s), you will be noted as an interested party. Please be advised as this is a public meeting your contact information may be disclosed if the list of the interested parties is requested related to a specific application. If you are **not participating to speak** in the meeting and wish to watch, you can watch live at kitchener.ca/watchnow

Please ensure to include your mailing address with your written submission so we can provide you with a copy of the committees decision.

Please let me know if you still wish to provide a written statement for the meeting.

Best,

Alison Fox (she/her)

Subject: Application no. A 2022-130

Hi there;

I would like to be a part of the meeting for application number A 2022-130.

Sandra Soehner

Here are my concerns.

- They removed the stairs that were between our houses and put concrete stairs on their side. When doing this they put their downspout on our side which is eroding the dirt on our property.

- the curb was cut to expand the entry to their driveway. They also cut their boulevard and put concrete on the boulevard.

- my main concern with this update is where they are going to put snow in the winter. We

have a hard enough time with where to put snow in the winter this will make it worse as their driveway/walkway is bigger making their lawn much smaller as well as the boulevard.

Thank you,

Sandra

Thank you,
