Transportation Services have no concerns with the proposed street name.

I think we are looking at keeping the street fronting addresses, and treat the private street in the manor of a named laneway that runs behind.

Hi. Just to clarify, this would mean addressing units off of the private lane but they are accessed from the street – or would we be keeping the street fronting civics I have assigned and they would just use a private name for reference for visitors parking, etc.

Thanks.

Hi Ben,

I have no issue with it, provided it is signed as a functional street. I would treat this along the lines of the 50 laneways that we have in the City.

Cheers,

You don't often get email from dhambly@regionofwaterloo.ca. [Learn why this is important](#)

Hi Ben,

I can confirm that Rosefinch Drive has been reserved by MHBC for this development, so they may go ahead with using the name.

Regards,
Derrick
